TREESTORE INTEREST SURVEY

Want an easy and inexpensive way to make NEIGHBORHOOD a healthier, cooler and even more beautiful place to live? Plant trees! The local non-profit TreesCharlotte is partnering with NEIGHBORHOOD to offer FREE/\$10 trees to neighborhood residents at a special event in either the fall or spring. All trees are in 7-gallon containers, measure 5-10 feet tall and are 3-4 years old. They range from large maturing to small flowering. TreesCharlotte will have experts on hand the day of your event to help you choose the right trees for your yard and teach all recipients how to properly plant the trees. We hope to get at least 50 trees into NEIGHBORHOOD! Each tree is free/costs \$10. XXXX residents can get up to 3 trees at this event. Right now, we are simply gauging neighborhood interest. If you are interested in taking 1-3 trees home at this future event, please fill out this simple form. Doing so does NOT commit you to taking any trees, but it will help TreesCharlotte determine whether your neighborhood is a viable NeighborWoods candidate. A formal signup form will go out about three weeks before the actual event. For questions, contact NEIGHBORHOOD neighborhood representative NAME HERE. To learn more about TreesCharlotte, go to TreesCharlotte.org.
