

# River Birch

*Betula nigra* 'Dura Heat'

**Category:** Deciduous

**Growth Rate:** Fast

**Adaptability:** Partial shade to full sun, tolerates moist and wet soils.

**Shape:** Pyramidal

**Size:** 30-40' tall, 25-35' wide

**Fall Color:** Yellow

**Description:** Excellent as a specimen or in small groups for lawns, in particular, for wet soils along ponds or streams or in low spots. Exfoliating salmon to cinnamon bark reveals creamy white inner bark for year round interest.
