

Pink Chimes Japanese Styrax

Styrax japonicum 'Pink Chimes'

Category: Deciduous

Growth Rate: Slow

Adaptability: Full sun to partial shade

Shape: Rounded and vase shaped

Size: 15-25' tall, 15-25' wide

Fall/Flower Color: Insignificant red and yellow fall color;
pink, mildly fragrant flowers

Description: A compact, deciduous flowering tree with horizontal branching and rounded crown. Noted for its clusters of bell-shaped, mildly fragrant, pale pink flowers that bloom in May-June. Gray bark fissures on older trees reveal an attractive orange inner layer and resulting winter interest.
