

Franklin Tree

Franklinia alatamaha

Category: Deciduous

Growth Rate: Slow

Adaptability: Full sun

Shape: Multi-trunked, rounded

Size: 10-25' tall, 6-15' wide

Flower/Fall: Fragrant, showy cream/white flowers, leaves turn orange/burgundy in the fall

Description: Small flowering tree in the tea family. A lovely tree but it can struggle in urban conditions and is intolerant of drought. Plant as a patio or specimen tree where the fragrance can be enjoyed
